

IP65 INDOORS/OUTDOORS HOUSING PACKAGE

HOUSING PACKAGE FOR JVC C625U AND JVC C655U DOME

OVERVIEW

Sphere housing for indoors and outdoors facilities. Its design enables it, enables the camera to camouflage as if it belonged to the normal illumination system, which make the surveillance easier and more discrete in a given area.

This protection housing was designed for the Panasonic IP dome camera, like the **JVC C625U** and **JVC C655U** model. The housing protection level is IP65, meaning that it protects the camera in indoors as well as outdoors settings against dirtiness and rain.

For its outdoor use, the housing integrates a heating and a external protection against the sun, which enables it to resist against temperatures between +30°C and -20°C. This housing offers several mounting set-up possibilities: ceiling, wall, corner or post. Following accessories are necessary:

Wall mount bracket

Ceiling mount
bracket
(922 mm long)

Aluminium adaptor for
corner

Aluminium adaptor
for post
