

INDOORS HOUSING PACKAGE

ANTIVANDALIC HOUSING PACKAGE FOR FIXED JVC C20U CAMERA

JVC

OVERVIEW

Antivandalic housing designed for indoors facilities and made of 3-mm-width stainless steel and 4-mm-poly-carbonate glass. It was designed to set it up in areas with a high percentage of vandalism like: railway stations, underground, car parks, supermarkets, etc.

This protection housing was designed for the fixed **JVC C20U** cameras. It integrates a security key for its opening and closing. It exist in two available models: one for ceiling mounting or desktop and another one for corner mounting.

As an option, a heating can be set up and an alarm can be triggered when opening the housing.

Main features

- Made of stainless steel
- Poly-carbonate glass vandalism-proof resistant.
- Security key
